# Get to Know Paralegal Adam Savino

By RIW on November 20, 2025

Adam Savino recently joined the firm as a paralegal supporting the firm's **Commercial Real Estate** Group, **Corporate & Business** Department, and **Banking, Finance & Lending** Department.

**Why did you become a paralegal?**
I have always had a strong interest in real estate. Working as a paralegal allows me to work in real estate while still enjoying a healthy work-life balance.

**Tell us about your career path.**
I have been a bartender since I was 19, and have had other jobs in the past, but nothing that amounted to a long-term career. Going into 2020, my goal was to change that, and the COVID-19 Pandemic and shutdown allowed me the opportunity to go back to school and retrain. I was not sure what type of paralegal I wanted to be; however, my previous experience in real estate made me a natural fit for real estate paralegal work.

**Tell us about your practice.**
I work on residential and commercial real estate transactions from offer to closing binder.

**What do you love most about what you do?**
Being able to find creative solutions to complex problems and helping clients achieve their dreams/goals.

**Why did you choose the firm?**
I was immediately impressed by RIW's interview process, starting with a Zoom meeting and then being quickly invited in for an office visit. Once in the office, I was impressed by the firm's culture and the office's design. The experience stood in stark contrast to an offer I received from another firm, where I was never even invited to visit the office or meet anyone in person. The warm welcome I received at RIW made it clear that this is a place that truly values its people and is the place for me.

**Tell us a fun or surprising fact about you.**
I was given the nickname "10K" after finding an envelope containing $10,000 on a table I was bussing. I turned it in to management, and it was claimed the next day with no reward other than a "Thank you" and a clean conscience!

**What do you do in your free time?**
I love live music and go to dozens of concerts each year, and I bartend part-time on weekends at a live-music venue. When I'm not working, I collect, restore, and digitize vinyl records. I currently have a collection in the thousands.
