

Financial Services

APPROACH

Ruberto, Israel & Weiner has a long and successful track record providing counsel to financial services clients in all types of financial, institutional, and corporate transactions. We stay abreast of changes in local, state, and federal laws, as well as industry regulations, in order to help clients develop financial strategies that will achieve their business goals.

We provide supervision and assistance in every phase of our clients' finance transactions, from negotiation to documentation to successful completion. Our interdisciplinary team has represented clients in financial transactions involving or relating to: investment companies and advisors, commercial banks, corporate and institutional trustees, equipment leasing, credit and depository institutions, insurance companies, and venture capital firms.
